Update: Spring 2021 Literacy Data

Our Spring reading data shows that almost all students in grades 1-3 have made gains, many of them significant gains, in reading this year. We believe that the continuity of instruction and supportive interventions have contributed to these gains. In grade 1, 80% of students are meeting or exceeding expectations in reading. For grades 2 and 3, when we remove *tier 3 learner data* for students with significant learning/behaviour challenges, 35% (grade 2) and 85% (grade 3) of students are meeting or exceeding expectations in reading.

Spring 2021 (End of Term 2) PM Benchmark Data

	No Data	Not Yet Meeting	Meeting	Exceeding	Total Number of Students	% of students who made gains in reading
Gr 1	8%	12.5%	67%	12.5%	24	95% (21/22 students)
Gr 2	7%	64%	4%	25%	28	96% (23/24 students)

Gr 3	3%	24%	42%	31%	29	96% (27/28 students)
------	----	-----	-----	-----	----	-------------------------
